

TECHNICAL DATA SHEET

acrylic adhesive paper C-A1

► Structure

► Specs

Properties	Unit	Value	
Backing Thickness	μm	45±3	Polyester Film
Total Thickness	μm	70±5	Except Release Liner
Liner Description	μm	D4	Silicone release coated Paper
Adhesion Strength(180° Peel)	gf/25mm	500±200	KS T 1028
Color	-	Transparent	
Length	m/Roll	Min.100	

The values as mentioned on the present technical data sheet are the result of accurate laboratory tests carried out by qualified technicians, and they have therefore to be considered reliable.
 However, considering the extreme variability of the conditions of use, the end users must value themselves the suitability of the product to their needs.
 Since what's above doesn't constitute a guarantee of any kind, preliminary tests are highly recommended.
